Description

Hello,

I just wanted to check when the full release of the Wave 2 data was expected. The US websites suggests Autumn (which I took to mean Autumn 2012), has there been a delay? Thanks for your help.

I was about to post the same question, because I need the variable on "ethnic background" for the new cases in Wave 2. I also wanted to ask whether the full Wave 2 will complete the information on "parental occupation". Thank you.
