Description

1) Just to confirm: ethnic parental background was not asked in Wave2, right?
- b_paid
- b_maid

2) Should b_emboost be included in Wave2?

Thank you again for your help!

Carolina,
1) that is correct.
2) the ethnic minority boost sample can be identified using the variable _hhorig. The _emboost variable can from Wave 02 onwards still be found on files relating to the sampling process.
