Description Hi, When analysing the data for Northern Ireland in wave 8, it is clear that for the Vote8 variable 2392 of the responses are inapplicable. Is this a mistake or did no-one from Northern Ireland answer the question regarding party support in last general election? https://www.understandingsociety.ac.uk/documentation/mainstage/dataset-documentation/wave/8/datafile/h_indresp/variable/h_vote8] Yours sincerely, Frida

Dear Frida,

The Northern Ireland sample are part of the first year of fieldwork and so they were almost all interviewed before the election, so they could not be asked h_vote7 and h_vote8.

Best wishes,
Stephanie
