Description
Hello, I have asked for the data on "school codes" (under special license) and I wanted to know exactly which codes are provided. Can you suggest a website where school codes are defined or where I can learn how to link these codes to other information, like the location of the school? Thank you in advance. Kind regards, Carolina

Carolina,
Have a look at the linked documents here: http://www.esds.ac.uk/findingData/snDescription.asp?sn=7182#doc

Jakob,
Thanks for your email. A follow up:
1) Why are there so few cases with school codes (7287)? Is this only an example? Or does it mean that this was asked to only part of the sample? ...
or that the information is still not available for the whole population?
2) Regarding the codes:
- I have found those of Scotland and Ireland.
- Are the codes of England a combination of the Local Authority + the "unique reference number" as stated in this example?

Thank you in advance,
Carolina

1) Please look at universe for each item in the questionnaire
2) The codes for England are consistent with http://www.education.gov.uk/edubase/home.xhtml

Hi Jakob,
Actually I had seen the filter in the questionnaire, and for some reason I misinterpreted it. Sorry for that!
Thanks for the webpage!
Best,
Carolina
