Description Hi, Could you please let me know what the predicted date of completion of the linking of Understanding Society and HESA data is? I am currently writing a proposal for my PhD (I'm in my first year), and want to know if I will be able to use the data for at least one of my papers. Best wishes, Inga

Dear Inga,

I'm sorry, the data is not available now and we cannot give an expected date at the moment. We will let you know when we have more information.

Best wishes,
Stephanie
