Dear Erica,

You can access our data on the UK Data Service website, here: <https://beta.ukdataservice.ac.uk/datacatalogue/studies/study?id=6614>

w_scsf1 is part of the individual interview and can be found in the w_indresp data files. You will need to merge the data files from different waves to look at changes over time. If you need help with this, our training course are available in person or via moodle:
<https://www.understandingsociety.ac.uk/help/training>

Best wishes,
Stephanie
