Description			
Hi, is there an income on gross hourly pay? I could not find one on the mainstage user guide.			
Thanks

Dear Amandeep,

There is not one variable which tells you gross hourly pay, but you could calculate it yourself using w_jbhrs - No. of hours normally worked per week and w_paygu_dv - usual gross pay per month: current job, along with the average number of weeks in a month.

Best wishes,
Stephanie
