Description

Hi

For many individuals born abroad, the country of birth is subsumed under the category "other" (the same is true for the parents' country of birth). I just wondered whether it is possible to obtain information on the specific country of birth.

Thank you very much,
Matthias

Dear Matthias,

This information is avaiable in the variable plbornc_all which is part of the Special Licence dataset. For information on applying for access to the Special Licence data, please see here: https://beta.ukdataservice.ac.uk/datacatalogue/studies/study?id=6931#!/access-data

Best wishes,
Stephanie
