Description Hello, I've seen the announcement of your new Covid survey. Can I check the sample size please? I think the first (April) survey is going to all adult participants, will the following waves also go to all respondents or just to a sub-sample, if so how many? (I'm interested in likely sample size by country.) Thank you.

Hello,

No sub-samples will be excluded, 42000 invites have been sent out and we will know the actual sample size after we get back the data.

Best wishes,
Alita on behalf of the Understanding Society User Support Team
