Assignee:	Louise Luo		
Category:	Derived variables		
Description Dear Officer, The variable w_jbnssec3_dv has only three categories in the last release reversion (2018). However, it contains non-lable categories, such as 7, 8, 9 and 10 in the latest release. Do you know why it is changed? Thanks, Louise			

History

#1 - 04/28/2020 03:54 PM - Gundi Knies

- Category set to Derived variables
- Assignee set to Louise Luo
- Target version set to X M
- % Done changed from 0 to 100
- Private changed from Yes to No

Hi Louise,
this question has already been asked, see <https://iserswww.essex.ac.uk/support/issues/1289>. The data will be updated for the next release.

Best wishes,
Gundi
