Description			
Hi, is there any information how to link the anonymised data set from the National Energy Efficiency Data-Framework (NEED) created bei BEIS to understanding society wave 8? As I dont have all necessary variables /information like e.g. age of property? Thanks so much in advance!

Hello Antonia,

You are correct the variables needed to do this linkage is confidential and so will not be released. The plan is that we will do this linkage and provide the linked data.
