- % Done changed from 10 to 90
- Private changed from Yes to No

Hello,

The question is the same as in the JULY questionnaire so please take a look at that for now, while we update the September questionnaire.

As the question is routed on those who have not participated in any previous and who were employed (ff_prevsurv=0 & sempderived=1,2,3), and the decision had been taken that from the September wave onwards only respondents who had participated in at least one of the previous interviews (Apr-May-Jun-Jul) would be invited to participate, only those who had completed a partial interview prior to this interview and hence ff_prevsurv=0 and were employed would have been routed to this question (N=31).

Hope this answers your question.
Best wishes,
Understanding Society User Support Team
