<b>Description</b>			
Hello,			
I am working on a project looking at economic security across different housing tenures. Is there any more information on what kinds of living arrangements are covered in the 'other' response to the hshownd variable. I have consulted the questionnaire but the help section only includes information about shared ownership.			
On an unrelated note, I have been having trouble accessing the support forum via the website and have had to do so via links in emails notifying me of responses to previous queries. I suspect this may be because the link directs users to 'iserswww.essex.ac.uk/support', whereas the forum now seems to be hosted at 'iserredex.essex.ac.uk/support'.			
Thanks, James

We have no information about what kinds of living arrangements are covered in the 'other' response to the hshownd variable, i.e., what respondents mean when they choose other.

We hope you are not having any more problems accessing this User Support Forum.

Best wishes,
