Description			
Hello,			
In youth questionnaires of Wave 10, there are questions on the Raven Progressive Matrix. However, I could not find the variables on variable search. Could you help clarify this issue please?			
Thank you.

The Raven Progressive Matrices were collected from 10-15 year olds via the youth self-completion questionnaire in Wave 10. The summary scores based on the individual scores are not yet available, but the individual scores are. You can find these variables using variable search. Best wishes,
