<b>Description</b>			
<p>Hello,</p> <p>Could you please advise us on the best way to identify individuals (in all UKLHS waves, but not BHPS) who have completed their SECONDARY school education or at an equivalent level in Scotland?</p> <p>So far we have looked at the following variables (and a combination of them):</p> <ul style="list-style-type: none"><li>- schoolcntry2 (value of 1, "Yes - in Scotland")</li><li>- qfhigh_dv (using values 11, 12 and 15 as Scottish secondary level qualifications)</li></ul> <p>The following six Scottish secondary school level qualifications (new qualifications since the last time interviewed):</p> <ul style="list-style-type: none"><li>- trqual11</li><li>- trqual15</li><li>- trqual32</li><li>- trqual33</li><li>- trqual41</li><li>- trqual42</li></ul> <p>However, we are not sure if there is a better way / whether we are capturing all of those, who completed their secondary education in Scotland.</p> <p>Thank you in advance.</p>
