Description			
Dear Understanding Society team,			
I am writing to you on behalf of the thinktank Onward, regarding our Social Fabric Index. First published in 2020 using data from a number of variables from different Waves of Understanding Society, we are now in the process of updating our Index with new data.			
I wanted to inquire when Wave 12 of Understanding Society is likely to be released, and whether updated versions of the following variables will be included in the forthcoming Wave:			
Org - whether member of a local group [last included Wave 9]			
Orga - whether participate in local group [last included Wave 9]			
Orgm5 - whether member of a Neighbourhood Watch or a Tenant's / Resident's group [last included Wave 9]			
Oprlg2 - attendance at religious services [last included Wave 8]			
Visfrnds - whether go out socially or visit friends when feel like it [last included Wave 9]			
Locserb - standard of local medical services [last included Wave 6]			
Locserc - standard of public transport [last included Wave 6]			
If not, could you please let me know if there are plans to include these variables in subsequent Waves, or whether the variables have been permanently discontinued?			
Thanks, Luke

- Private changed from Yes to No

Hello Luke,

Wave 12 data will be released in November 2022.

You can check which of these variables/questions were included in Wave 12 by checking Wave 12 questionnaire

<https://www.understandingsociety.ac.uk/sites/default/files/downloads/documentation/mainstage/questionnaire/wave-12/W12-questionnaire-consultation.pdf>

Hope this helps. If you have further questions please let us know.

Best wishes,
Understanding Society User Support Team
