| I have realised that the hrpid variable in the j_youth file is missing for all youth respondents in wave 10. I don't think this data was missing in previous releases of the data i.e. when wave 10 was released. Please could someone check this and confirm. Many thanks, Larissa |   |                    |            |

Hi Larissa,
