Hi Pauline,

It's best to link this information from xwavedat, use the maedqf and paedqf variables.

Yes but that info is not available for the wave 11 entrants no? It's only for people up until wave 6?

Hi Pauline,

The majority of these new entrants will be youth turning 16 and thus becoming eligible for an adult interview. Most of them would have lived with their parent/s at some point during the duration of the study so you can link this information from parent's hiqua1\_dv.

Best wishes,
