Description			
HI There			
I was just enquiring whether there was any questions on the Commonwealth Games 2002, or around any other major sporting events in the BHPS. I am aware of the questions asked in Understanding society and Taking Part on the Olympics but am more interested in commonwealth Game questions. Are you aware of any other surveys which may have asked questions around the commonwealth games 2002? Any help or advice would be greatly appreciated.			
Thanks take care			
Clare
