Description I am emailing to enquire about a forthcoming linked dataset mentioned on your website, namely "linked credit history (FCA) data for will be released in 2023". I was interested in learning more about what FCA credit history data is being linked to the BHPS-US data, and over what time period. E.g. does the linkage include the regulated mortgage data collected by the FCA (i.e. the Product Sales Database). I also was interested in knowing when in 2023 these new linked data will be available?
