Description <p>I was wondering whether the type of postsecondary education attended was part of any current (or future) versions of the data. I have looked through the documentation but it does not seem to be present but I just wanted to double check.</p> <p>I have a similar query with regard to field of study, which seems to have been asked to young people in in the IP (w5), but I would be after the information for anyone having attended university.</p> <p>Thanks for the help!</p>

- Category changed from Data documentation to Data linkage and consents

Intended university course is asked at IP5-6 in connection with an experiment described in the IP user guide.

We are asking consent to HESA linkage at Wave 5. We will be asking about the institution at the same time. The linked data is currently expected to be released under special licence in 2016.

The latest about linkage can be found here;

<https://www.understandingsociety.ac.uk/about/data-linkage>
