Description I wish to use Understanding Society retrospective data to construct life histories of migrants within the Understanding Society survey from their point of arrival within the UK. The retrospective data is generally provided in monthly format. However, I can only find the year migrants came to Britain (yr2uk4). Is there a variable capturing the month migrants arrived in the UK? Thanks in advance for your help, Michael

Hello,

I'm afraid we don't collect the information about the month of arrival to the UK.

Best wishes,
UKHLS User Support
