Description			
There are a range of benefits for those of pension age to help with fuel bills, including the Winter Fuel Payment and the Cold Weather Payment. Are they included as income or benefits in Understanding Society?			

History

Hello Elaine,

We categorized benefits as a source of income. The benefits we've collected are listed in the income section of the user guide under [Derived Income variables](#)

Additionally, you might find variable "w_ficode" useful, as it captures the income receipt code. While winter fuel and cold weather payments are not explicitly listed, respondents can report "any other benefit" so they may report them there. Consequently, they'd be included in the benefit totals.

For further insights into UKHLS income data, you might want to check out a recent paper from our Income team [Understanding Society: the income data](#)

I hope this information is helpful.

Best wishes,
Roberto Cavazos
