Description			
Hi, Do you have any estimate when the wave 16 biological data is likely to be released? This would be really helpful to know whether I can include it in a grant application.

Hello Eleanor,

We expect it would be released around the same time as the main stage Wave 16, in November 2026. However, the previous release of Waves 2-3 Nurse Health Assessment (SN:7251 Understanding Society: Waves 2-3 Nurse Health Assessment, 2010-2012) was on 13 February 2014, approximately 3 months after Wave 3 (SN:6614) main stage release on 18th November 2013. Therefore, you may want to consider this 3-month gap for your grant application.

I hope this information is helpful.

Best wishes,
Roberto Cavazos
