Description Dear USoc team, Could you give me an update on when you expect Wave 3 geographies data to be released? I am planning an analysis for my thesis at MSOA level (study number 7249). I have asked this question before so apologies for nagging. The last communication I had with you was on 9th December which stated the release would be in a few weeks. Thank you in advance, Lindsay			

History

#1 - 01/27/2014 03:53 PM - Redmine Admin

- Category set to Data releases
- Status changed from New to In Progress
- Target version set to M3
- % Done changed from 0 to 80

Update - We expect the data will be available from UKDA by mid-February.
