<b>Description</b> Hi,  Some versions of the USOC documentation include mention of a 'net household income' variable (a_fihmnet_dv - see e.g. <a href="https://www.understandingsociety.ac.uk/files/data/documentation/wave1/User_manual_Understanding_Society_Wave_1.pdf">https://www.understandingsociety.ac.uk/files/data/documentation/wave1/User_manual_Understanding_Society_Wave_1.pdf</a> , P32). However, these variables do not exist in any of the hhresp databases.  Were there problems with these variables, resulting in their removal? Or alternatively are they only provide with the special license data?  Best, Robert de Vries  P.S. I may have asked this question before, if so apologies.			

#### History

##### #1 - 07/11/2014 01:22 PM - Redmine Admin

- Category set to Income
- Status changed from New to In Progress
- Target version set to X M
- % Done changed from 0 to 50

We are currently developing a new method for deriving net income variables for release later this year. The Wave 1 net income variables initially released have since been withdrawn while we carry out this work.  
Jakob

Thanks Jakob (and thanks for the quick reply!).

I don't suppose there is any way of getting access to these variables just for a quick provisional calculation I need to do?

Best,  
Rob

##### #3 - 07/18/2014 08:14 AM - Redmine Admin

- % Done changed from 50 to 90

We are still working on these variables and plan to release them in November.  
Jakob
