<b>Description</b> Hello, Can you tell me if there are any nurse health assessments planned for future waves of the survey? Further, are there plans to undertake these with the Ethnic Minority Boost (EMB) sample? Wave 2 undertook health assessments with the GPS, and Wave 3 with the BHPS sample.  Thanks, Dharmi

- Category set to 24
- Target version set to X M
- % Done changed from 0 to 50

We would like - subject to funding - to carry out more health assessments and progress about the development of the health content (future health assessments, linkage and other added-value activities) of the study can be followed here: <https://www.understandingsociety.ac.uk/about/health>
