Description			
Hello,			
I am currently working on a project on pensions and am interested in the pensions module that was conducted in BHPS waves 11 and 16. I have searched through the released waves of US but am unable to find a similar pensions module to those in wave 11 and wave 16. Consequently, I was wondering if there is an equivalent pensions module in US? If not, are there plans to conduct a follow up on pensions in a vain similar to the pensions modules in waves 11 and 16?			
Thanks.

Actually, I have seen that the pensions module was repeated in wave 2 and wave 4. In addition to information on occupational pensions there is also the wave-specific personal pensions at wave 2 and wave 4. The combinations of this information on occupational pensions and personal pensions gives me what I need.

Thanks.

For info: We have recently discovered a routing error for one of the pension variables. Please see note to:
