Description In going through the newest version of wave 2 I realised that the variable sceverdrnk has disappeared. It is in the questionnaire but is no longer in the dataset. Can you let me know why it has been dropped? Thanks, Cara	

History

#1 - 09/22/2015 10:23 AM - Redmine Admin

- Category set to Data releases
- Target version set to M2
- % Done changed from 0 to 90

Just to confirm that this variable has not been released previously and that it has made it into the revision planned for public release later this year.
On behalf of the team,
Jakob
