Description			
is it correct that NPD data is only linked for those individuals in the Und Soc Youth Survey in Wave 1 is it ever going to be possible to link NPD data for youths in all waves?

- % Done changed from 0 to 50

At the moment data have been linked for children, youths and young adults in England with valid consents in wave 1. Education data are linked back in time and include all results for these youths up to academic year 2012/13, so we have a lot of fairly up-to-date information about them. We are in the process of agreeing data linkage for individuals who had consented in wave 4, but it will take considerable time until any data for wave 4 consents will be released and timelines are not yet fixed.

On behalf of the team,
Jakob
