<b>Description</b>			
Dear Sir or Madam,			
I'm referring to the summarised responses for variables d_solar1, d_solar2 and d_solar3 in wave 4 ( <a href="https://www.understandingsociety.ac.uk/documentation/mainstage/dataset-documentation/wave/4/datafile/d_hhresp/variable/d_solar1">https://www.understandingsociety.ac.uk/documentation/mainstage/dataset-documentation/wave/4/datafile/d_hhresp/variable/d_solar1</a> ).			
The responses are distinguished between "no 4 considered in the past and rejected" and "considered in the past and rejected", whereas the questionnaire offers the "no 4 considered in the past and rejected" option only ( <a href="https://www.understandingsociety.ac.uk/documentation/mainstage/dataset-documentation/wave/4/questionnaire-module/household_w4#household_w4.solar1">https://www.understandingsociety.ac.uk/documentation/mainstage/dataset-documentation/wave/4/questionnaire-module/household_w4#household_w4.solar1</a> ).			
Can you kindly advise what the difference between "no 4 considered in the past and rejected" and "considered in the past and rejected" is? Could it be that "no 4 considered in the past and rejected" should read "no"?			
Thank you for the clarification.			
Best regards Ante

Dear Ante,

The correct labels should be  
3 "no"  
4 "considered in the past and rejected"

We will be correcting these labels and adding a variable note for the next data release.

Best wishes, Victoria.

On behalf of the Understanding Society User Support Team.
