Description

Hello,
For my research on repossessions in the UK mortgage market I am studying the BHPS SN 5151 database.
In the British Household Panel Survey User Manual is stated, on page App3-101, that from Wave Two onwards, an open ended question was placed as the final question on the individual questionnaire which includes 'Important Events', which includes the event "repossession".
However I can only find these variables in waves 2, 3, 4, 5, 9 and 14.
Can someone please tell me where to find these variables for the other waves, if they even exist?
Thank you in advance!

Best,
Nicolet

Nicolet,
From the following you can add W11 to the list of waves where Important-Events were collected

https://www.iser.essex.ac.uk/bhps/documentation/volb/wave2/bindresp20.html#BEVENT1
W2 W3 W4 W5 W9 W11 W14

There is a description of the Important-Events module in the **BHPS User Guide** (p.363)

Jakob
