Dear Galit,

there are no exclusions of any type of institution. Interviews may take place in student halls, hospitals, hospices, army barracks, prison, elderly care homes. The information is provided by the interviewer or respondent, based on their judgement, and we do not use the text information, just flag that there is text describing an institution. You will have seen that there are only a handful households who have _dweltyp=7.
Hope this helps,
Gundi
