Description Are there are plans to use Understanding Society to assess what the legacy of the Olympics (e.g. on physical activity, sports participation, cultural engagement) has been? I understand from Peter Lynn that there are questions related to the Olympics in the wave 4 questionnaire.

Alison,

That's correct - you can find the questionnaire for Wave 4 here:

<https://www.understandingsociety.ac.uk/documentation/mainstage/questionnaires>

See also [UKHLS Content Plan FAQ](#) for further information about content and rotation of questionnaire modules.
