<b>Description</b>			
Hi,			
Im fairly new to the BHPS, so this question may be a bit straightforward for the more proficient amongst you, but is it possible to distinguish private and public sector in these surveys? I have been going through the codebooks and have a hard time finding this.

Pieter,

Have a look at job sector question, JBSECT, under [Employment: Sector and Duties](#)

I find the [BHPS Thesaurus](#) a useful starting point for finding a specific module or question.
