Description Hello, I'm wondering if interviewers retain their same identification numbers across waves in the Innovation Panel Study? For example, if a respondent is interviewed by interviewer 12345 in waves 7 and 8, this is the same interviewer, correct? Or does the staffing agency refresh interviewer numbers with each wave of data collection? Thanks, Dana

Dear Dana,

The interviewer numbers are consistent across waves, so the answer to your question is yes. However, at wave 7 we changed fieldwork agency for the IP, so all respondents will have a new interviewer ID at this wave.

Best wishes,
