Category:	Data documentation		
Description			
Hello, I am trying to identify the household HEAD variable in the UKLS data. It is coded as "hoh" in the BHPS dataset, I have tried to get search for the UKLS version but I do not seem to be getting it.			

History

#1 - 03/09/2018 03:23 PM - Stephanie Auty

- Category set to Data documentation
- Status changed from New to In Progress
- Assignee set to Stephanie Auty
- Target version set to X M
- % Done changed from 0 to 10
- Private changed from Yes to No

Many thanks for your enquiry. The Understanding Society team is looking into it and we will get back to you as soon as we can.

Best wishes,
Stephanie Auty - Understanding Society User Support Officer

- % Done changed from 10 to 80

Dear Olayiwola,

We don't have this variable in UKHLS, and the closest alternative is to use w_hrpid which is the Household reference person (HRP). This variable is available in w_indresp, w_indall and w_hhresp.

The HRP is defined as the owner or renter of the accommodation in which the household lives. If there are multiple owners or renters, the default is the eldest of them is the HRP. Note that the HRP is not necessarily the person providing answers to the household questionnaire and the HRP may change as the household composition changes.

Best wishes,
Stephanie Auty - Understanding Society User Support Officer

Thank you very much.
This is highly appreciated.
