Hi, I understand that there was also consent to link data in BHPS to administrative health data. Has this been done or is this part of the backlog along with Understanding Society linkage to the same data? Thanks, Clara

Dear Clara,

We anticipate that users will be able to apply to have access to linked health data from Scotland in the near future but we cannot confirm an exact timeline at this stage. This will be followed by Welsh and then English data at a later date.

Best wishes,
