<b>Description</b> Dear USOC support team,  I am looking to see if its possible to access the transcribed data for the following questions on the questionnaires?  Wave 1: Impevents  Wave 2 and following: Pnevents  These are open text responses and they could be particularly helpful for my study yet, these are not available on the regular USOC data releases through the UK Data Service.  Kind regards Thimo

Dear Thimo,

We do not release the free-text responses as it's possible they would include something disclosive about the respondent. We do provide coded versions of these responses in the variables a\_impevent1-4, a\_impevent1s-4s in a\_indresp for Wave 1 and w\_event1-w\_event4 in w\_indresp for Waves 2 and 5.

The question was also asked in Waves 6 and 7, but the coded responses do not appear to be included in the released datasets. We are currently looking in to this and will follow up with further information.

Best wishes,

Dear Thimo,

At the moment there are no plans to code the responses to these questions in Waves 6 and 7.

Best wishes,
